MUHAMMAD ALI

FULL STACK DEVELOPER

Lahore, Pakistan | muhammadali.deve@gmail.com | +92 333-2469359

SUMMARY

Computer Science undergraduate skilled in React, JavaScript, HTML, CSS, Node.js and Express. Seeking an job to apply skills and grow as a MERN Stack Developer.

PROFESSIONAL TRAINING

Web Development Intern
Qalam institute
Duration: 6 Months

- Assisted in full-stack web application development.
- Worked with frontend and backend technologies on live projects.
- Collaborated with senior developers to build and maintain web applications.
- Gained practical experience in debugging, API integration, and responsive web design.

Full Stack Web Development Trainee
Shell Shift Co-Workspace (SMC-Pvt.) Ltd., Lahore
Duration: 3 Months

- Completed intensive training in full-stack web development.
- Developed projects using modern web technologies.
- Learned frontend development, backend development, databases, REST APIs, and version control using Git.

PROJECTS

Document & Image Processing Hub
Tech: React.js, Node.js, Express, MongoDB

- Built a full-stack web application allowing users to convert files across multiple formats (PDF, Word, PPT) and compress/enhance images.
- Engineered a secure Node.js/Express API to process high-volume file uploads efficiently while maintaining application stability.
- Developed a dynamic React interface with real-time progress indicators for document conversions and image processing tasks.

AI Skincare Analysis App
Tech: React / React Native, Node.js, Express, AI Vision API

- Developed an AI-powered application that analyzes uploaded facial images to provide personalized skincare diagnostics and routines.
- Integrated third-party computer vision APIs with a secure backend to process image data and extract facial feature metrics.
- Designed a responsive, user-centric interface to visualize AI-generated skin analysis and personalized treatment recommendations.

AI Content Virality Analyzer
Tech: React.js, Node.js, Express, AI/NLP API

- Built an AI-powered platform that predicts the virality potential of social media content across Instagram, TikTok, X, LinkedIn, and Facebook.
- Integrated AI and NLP models to analyze hook strength, readability, sentiment, emotional impact, keywords, hashtags, and audience engagement factors.
- Created an interactive dashboard displaying virality scores, optimization suggestions, platform-specific recommendations, and content improvement insights in real time.

Front-End Engineering (FickleFlight & UltraEdit)
Tech: React.js, CSS3, HTML5

- Translated complex Figma prototypes into a pixel-perfect, fully responsive React interface for the FickleFlight booking application.
- Built a high-fidelity clone of the UltraEdit landing page using modern CSS layouts, responsive design principles, and performance optimization techniques.

SKILLS

- **Programming Languages:** C, C++, JavaScript, Python.
- **Frontend:** HTML5, CSS3, JavaScript, React.js, Responsive Web Design.
- **Backend:** Node.js, Express.js, MongoDB, RESTful APIs, JWT Authentication.
- **Computer Science:** Object-Oriented Programming (OOP), Data Structures, Algorithms, Problem Solving.
- **Development Tools:** Git, GitHub, Visual Studio Code, Antigravity IDE, Postman.
- **UI/UX & Design:** Figma, Canva, UI/UX Design, Responsive Design, Social Media Post Design, Business Card Design, Letterhead Design, Banner & Flyer Design.
- **Digital Marketing:** Social Media Marketing, Meta (Facebook & Instagram) Ads, Email Marketing, SMS Marketing, Affiliate Marketing, Content Marketing.
- **AI Tools**: ChatGPT, Google Gemini, Claude AI, LMArena, Antigravity AI, AI Studio
- **Microsoft Office:** Microsoft Word, Microsoft Excel, Microsoft PowerPoint, Microsoft Outlook.

EDUCATION

ICS. Physics **2021-2023**
Unique College For Boys Lahore

Bachelor of Computer Science **2023-2027**
Punjab University Affiliated Program

Certifications

- **Full Stack Web Development** – ShellShift, Lahore (3 Months)
- **Digital Marketing** – Hi Skills, Lower Mall Road, Lahore (3 Months)
- **Digital Literacy** – Hi Skills, Lower Mall Road, Lahore (3 Months)
- **Artificial Intelligence with Python** – PFTP (Government-Funded Online Certification Program) (3 Months)
